Mary Glennan Dies at Age 90

The long and useful life of Mrs. Mary Paul Glennan, one of Redwood City's oldest residents both in years and point of residence, came to an end at 3 p.m. Sunday when she passed away at her home at 1504 Middlefield road, where she had lived for the past 67 years.

Mrs. Glennan, who was born in Rocklin, Maine, 90 years ago last April 2, had come to Redwood City as a bride of 18 in 1865 and had made her home here continuously since. Previous to that time she lived in San Francisco for 12 years, having come west in a sailing vessel by way of Cape Horn when just a little girl, the trip from the Atlantic Coast requiring six months.

Her birthday, honored this year when friends and relatives called at her home, was also the 72nd anniversary of her marriage to John W. Glennan, who passed away a few days before the couple would have celebrated their golden wedding anniversary.

REBEKAH CHARTER MEMBER

Mrs. Glennan, the last of the charter members of the Olive Branch Rebekah Lodge and its first noble grand, was believed to be the oldest member of the First Congregational Church.

Funeral services will be held from the church today at 2 p.m., with the Rev. C. E. Ward, pastor, officiating. Interment will follow at Cypress Lawn Memorial Park. Friends may call at the Layng & Tinney Funeral Home.

Numerous relatives survive the beloved woman, who had remained active until recently. Her only living child, however, is Florence R. Glennan, who lives at the Middlefield road home. She was with her mother when she passed away after the brief illness. Mrs. Glennan's three sons were Frederick W. Glennan, who died here; William B. Glennan, who passed away in Seattle, and Albion H. Glennan, who died in Kauai.

TWO GRANDCHILDREN

Grandchildren are Mrs. Alleen Maguire of San Mateo and Mrs. Ruth Price of Redwood City. A grandson, Deputy Sheriff Floyd Glennan, of San Carlos, died this past summer.

Frances Alleen Glennan of San Carlos is a great grandchild.

Mrs. Glennan was the sister of the late Mrs. Rebecca Paul Osbourne, who passed away in San Francisco a short time ago. She also was an aunt of Clarence E. Choate of Redwood City and his late sister, Mrs. Irene Choate Stilleson, wife of Chris Stilleson.

Other more distant relatives also survive.

Attendance of children in the elementary schools of England is expected to decrease by 1,000,000 in the next 15 years, due to the declining birth rate and other factors.

Jim Doss, Western Actor, at Sequoia This Saturday

Calling all kids . . . Manager Hal Honore' of the Fox Sequoia Theater has secured for one performance only, at this Saturday's kiddie matinee, for a personal appearance, Jim Doss, western actor of the Gene Autrey pictures.

Jim is making a personal appearance tour of the coast before making a series of western serials, and has been secured by arrangement through his manager, who is now in Hollywood following a strenuous season of rodeo engagements in which Jim Doss and his guitar did their best crooning and with his rope did some fancy roping for the pleasure of all rodeo enthusiasts who had the pleasure of seeing this colorful personality.

It is seldom that the children of this community have the privilege of seeing a real picture actor, and it is interesting to note that Jim Doss has for the past three years been associated with Gene Autrey in western serials, and has "emoted" before the cameras on both the 20th Century Fox and the Universal lots.

He is a composer of cowboy tunes, and with his guitar has made the harvest moon shine a shade more mellow with the rapturous quality of his croonin' voice at many a rodeo. His rope stunts are par-excellent, and he is an expert rider, having trained his own white horse for show work. The horse is in Hollywood, and will not be used in Saturday's show, but Jim will put on a one-man rodeo with music just the same.

Johnny Mack Brown will be seen in the first episode of his new western serial "Wild West Days." Johnny Shaw will preside at the organ in a western songologue musical act.

CAN THIS BE WATERLOO?

Naughty naughty, Napoleon. Better keep your mind on the battle or you'll meet your Waterloo. In this scene Greta Garbo helps the ambitious little soldier, capably portrayed in "Conquest" by Charles Boyer, forget his troubles. This feature and "Women Men Marry," will be shown at a special matinee this afternoon at the Fox Sequoia Theatre. Doors will open at one o'clock.

Tax Statement By Supervisors Being Prepared

To avert an incipient tax strike, county officials have promised that they would prepare and release a detailed statement on the reason for the increase in 1937-38 county taxes.

Acting on a suggestion by Dist. Atty. Gilbert D. Ferrell that such a statement be prepared, officials declared that it would be ready before the delinquent date for the first installment, December 5.

This much was assured by Supervisor Fred E. Beer, who said he is working on the statement but that it was not yet ready for release.

Beer indicated that a chart showing a breakdown of the county tax dollar would be prepared.

TO BE UNDERSTANDABLE

"When our statement is completed, I believe every county official will stand back of it," Beer declared. "It will be developed in such a way that the man on the street can understand it.

"We want to present the information in such a way that everybody who gets a tax statement will know what it's all about.

"This much I will say- the greatest increase was due to the enormous increase in school costs. I will make that statement and stay with it."

Beer pointed out that the increased tax bills were due in the main to items over which the supervisors have no control. He said that old age pension requirements, fixed by state law, increased $85,000 this year, and that the joint highway districts requested $76,000.

RESERVES CUT $275,000

Figures prepared by A. C. Fensel, accounting expert for the California Taxpayers' Association, show that 83 per cent of the increase in the basic county tax rate this year is attributable to the fact that the county reserves were $275,000 less than in the previous tax year.

A more drastic increase was averted only because of economies in county administration, and because the state and federal governments contributed $116,000 more than a year ago to old age and other relief costs, Beer said.

MAYOR HIVES FAVORS COUNCIL TAX STUDY

BURLINGAME, Nov. 20—Mayor W. W. Hives of Burlingame today endorsed the movement of city councils throughout the county to survey the mounting burden of county taxes and declared he would support the calling of an intercouncil meeting to plan a conference with supervisors on the matter.

As announced yesterday, the plan calls for appointment of one man from each city council to a committee to study the situation and report back to respective groups.

A meeting would then be held with supervisors to protest ro make suggestions.

Court No. 2 Jails Man, Other Frees Him

Both departments of the Superior Court of San Mateo county operated on Jess Byrd, Tanforan horseman, Saturday night.

Department No. 2, under Judge A. R. Cotton, put Byrd in jail for contempt at 5 p.m.

Department No. 1, presided over by Judge Maxwell McNutt, released him via telephone at 5:30 p.m.

Judge Cotton set bail at $1000, but on Judge McNutt's personal assurance that the man would appear for trial, Deputy Sheriff Hugh Williams released Byrd on his own recognizance.

The contempt involves the effort of Margaret Foster to recover a race horse named Bonsall, valued at $450 including saddle and other equipment.

Assemblyman Buys Judge Swart Home

Assemblyman Harrison W .Call has completed arrangements for the purchase of the Swart home on Laurel avenue, west of Redwood City. He expects to move to the three-acre estate about January 1 with his wife and two children.

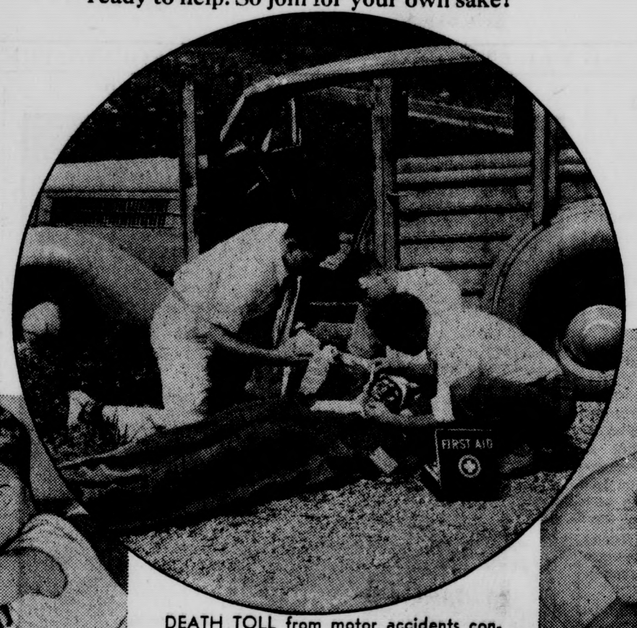
Disaster Plays No Favorites

Records of 56 years of relief work by the American Red Cross show no community is immune to catastrophe—whether flood, fire, epidemic, highway accident, drowning or other hazard. The Red Cross always stands ready to help. So join for your own sake!

FLOODS ROSE TO DANGEROUS HEIGHTS in many cities as well as in rural areas in the Ohio-Mississippi valleys in 1937. Red Cross rescued and fed a million and a half people in 182 counties in 12 states

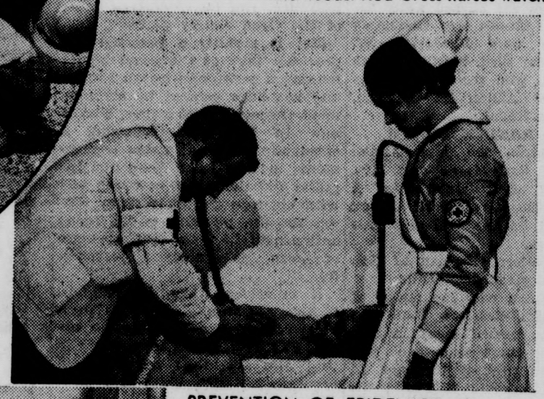
EXHIBITION BINS in a fair grounds auditorium made good beds for babies homeless during the floods. Red Cross nurses watched over the babies' health



DEATH TOLL from motor accidents continues to mount. Red Cross has Emergency First Aid Stations on nation's highways where trained first aid can be given injured

DURING the flood emergency the Red Cross was baker, grocer, milk man and landlord for thousands of families

DEATHS from accidents in the home and on the farm outnumber deaths from motor injuries. Red Cross, through an educational campaign, seeks to combat these hazards to life



PREVENTION OF EPIDEMICS often is a Red Cross duty. Influenza, meningitis and pneumonia were curbed during the flood aftermath; 300 emergency hospitals were set up by Red Cross, 3,600 nurses were on duty

TORNADOES are disasters of most frequent occurrence — floods are second

OTHER THOUSANDS, flood-marooned in their homes in 1937, relied upon Red Cross food packages which were carried to them by boat

SEVEN THOUSAND lives are lost each year in drowning accidents. Red Cross teaches life saving methods, to safeguard bathers and resuscitate the drowning

CHILDREN HOUSED with their families in Red Cross tent colonies were given toys and recreation was provided by other children through Junior Red Cross

2 New Cases In San Jose

SAN JOSE, Nov. 22—State health authorities have put into effect a strict quarantine on all cats and dogs in Santa Clara County in a determined effort to stop the spread of the dread rabies epidemic which has gripped the valley for the past two weeks.

Thirteen animals have died and six persons have been forced to undergo the expensive, prolonged Pasteur treatment.

The quarantine, requested by Dr. C. M. Burchfiel, county health officer, was declared by Edward T. Ross, chief of the state bureau of sanitary inspection. The order was signed by W. M. Dickie, state public health director.

Dr. Burchfiel pointed to the necessity of public cooperation to check the outbreak. Cats and other animals as well as dogs are subject to rabies, he declared.

"Any owner, or other person in possession of any animal being held or maintained in violation of the quarantine, shall be subject to arrest on the charge of committing a misdemeanor," the quarantine order states.

All incorporated areas with the exception of Palo Alto and San Jose are under terms of the quarantine as well as unincorporated areas. Areas south of Edenvale and the west slope of the Hamilton range are also excluded from the order as no rabies cases have been reported there.

Dr. Burchfield said he would ask the board of supervisors for four or five extra men to collect stray cats and dogs throughout the affected area.

In San Jose yesterday two dogs were captured which apparently were infected and may have passed the virus to two humans.

A dog owned by J. H. West was inspected by Dr. H. C. Brown, city health officer, and F. W. Healy, veterinarian, and found to be rabid. Jimmie West, 9, son of the dog's owner, will undergo the Pasteur treatment because physicians feared scratches on his right hand may have been caused by the animal's teeth.

Mrs. I. Caruso was bitten on the heel by a dog believed rabid.

Two dependents of deceased veterans of the War of 1812 were still receiving pensions in 1936.

Death Caused By Pneumonia

Identity was sought today of an elderly man who apparently lay down under a water tank on the Skyline boulevard near Colma and died of pneumonia.

The mutilated body of the man was found about 10 a.m. Sunday by Leo Magi, 300 Detroit avenue, and Angelo Devencenzi, 34 Ellis street, both San Francisco.

The body was lying in rain water under the tank, but the man's head was not entirely submerged. An autopsy performed at the W. C. Lasswell Mortuary, Daly City, revealed cause of death. No marks of violence were found on the body, but the face was partially gone, apparently having been eaten by rats, mortuary attendants said.

Nothing was found in the man's pockets to offer a clue to his identity. There were two pennies in his clothing, Coroner William F. Crosby was informed by Constable George Krehl, who investigated.

The body was clad in gray hat, dark blue suit with pin stripes, black low shoes, reddish-brown polo shirt, blue socks. The clothes showed considerable evidence of wear. The man had weighed about 180 pounds; had been about 5 feet 10 inches tall, it was estimated. His teeth were in poor condition. One front tooth was missing. It was estimated that he was about 60 years of age.

Officers believed that the man had been a transient; had sought the shelter of the tank during the night; had succumbed to pneumonia. He had been dead a week or so, it was believed. He was lying on his back, hands folded over his chest, it was said.

New York city's tax collections exceed $600,000,000 a year.

Funeral Rites Set Wednesday For Boy Victim

Grieving parents today made arrangements to bury their 3-year-old son, victim of a tragic accident in Redwood City about 5:15 o'clock last night.

The boy, Allen Alva McClure, was the fourth son of Mr. and Mrs. Charles O. McClure of 111 Elm street. McClure is a gardener. The other children in the family are Charles, 9; Lee Warren, 6, and Earl, 4. The two older boys were at a picture show when tragedy struck down their little brother.

The youngster was attempting to cross Main street near Elm, a half block from his home and in a direction away from his house, when, witnesses said, he ran into the left front fender of the coupe of Herbert Dee Ivey Jr., 19, Stanford student whose home is at 150 Shenandoah road, San Marino, Los Angeles county. He lives at the Alpha Delta Phi house on the campus.

No marks were left on the machine where the boy struck. Police believe that he merely was knocked over by the car and his head crushed on the side as he fell on the pavement. Death apparently was instantaneous.

Ivey, questioned at length by police, told them he did not see the boy in the dark in time to avoid the collision. No charges were placed against the Stanford man.

Funeral services for the lad will be held from the Layng & Tinney Funeral Home, Wednesday at 2 p.m., with interment following at Alta Mesa Cemetery.

The McClures have lived here for a year and a half. They formerly lived in San Bruno.

Another Complaint Filed Over Taxes

Another tax protest was on file today for attention of the board of supervisors at its special session Wednesday. The complaint comes from William Roese, 1128 Rhinette avenue, Burlingame.

Roese complains that the assessment against a home more than 20 years old on his property has been increased excessively. His county tax bill last year was $44.08, this year $60.41.

Originally both the city and county assessed the lot at $300 and the house at $1000. The city boosted the lot assessment to $650, but allowed the $1000 against the house to stand.

The county, he complains, raised the lot assessment to $600 and at the same time increased the assessment against the house to $1655.

"I feel that while it is necessary to raise funds for county maintenance," he writes, "the raising of funds by placing an unfair appraisal on an old home is the thing that I cannot understand. As real estate values rise, improvements should not raise accordingly. A 100 per cent increase in real estate satisfies me, but not an 80 per cent increase on improvements."

Roese's complaint is one of dozens to be filed at the courthouse because of higher 1937-38 county taxes.

MANSFIELD, CITY ATTORNEY, WEDS EDNA HERRMANN

Ceremony at Hollister Surprise to Many In Redwood City

Announcement was made Monday of the marriage in Hollister Saturday of Albert Mansfield, city attorney for Redwood City, San Carlos and Belmont, to Edna R. Herrmann, resident of San Francisco for 10 years.

The couple have established their home at the groom's residence at 252 Lowell street They plan to leave for a short business trip, which will serve as a honeymoon, to Coalinga tomorrow, returning Friday.

The wedding ceremony was performed by Justice of the Peace Fred Voll.

Mansfield, the son of Mrs. Alice Mansfield, is a long-time resident of Redwood City and San Mateo county native and well known as a municipal attorney throughout the bay region. Mrs. Mansfield's parents live in the middle-west.

ASSIST WITH PARTY AT VETERANS' FACILITY

Mrs. Loren Ross, Miss Meta Kugeler and Mrs. E. J. Bullivant assisted Hospital Chairman Mrs. Isabelle Weeden Lindquist in arranging the monthly party given at the Veterans' Administration Facility in North Palo Alto Tuesday afternoon under auspices of 26th District, American Legion.

Institute Honors Daniel C. Jackling

Daniel C. Jackling of Woodside, president of the Utah Copper Company, yesterday was named president of the American Institute of Mining and Metallurgical Engineers.

Jackling pioneered the exploitation of large low grade disseminated copper deposits. He was educated at the Missouri School of Mines and was at one time a college professor. During the war he was a director of government explosive plants, and in 1933 he was awarded the John Fritz gold medal in engineering.

He succeeds R. C. Allen, Cleveland, as president, and will take office at the New York meeting of the institute in February.

Roll Call Ends Thanksgiving

The annual membership roll call for Redwood City Chapter, American Red Cross, and the thousands of other Red Cross chapters throughout the nation, comes to an end Thursday, Thanksgiving Day.

In Redwood City, a score of committees from various civic organizations have been conducting a house-to-house canvass under the direction of Chairman Wayne R. Millington since Armistice Day.

Already $365, or 36.5 per cent of the quota, has been reported, with only a few sectors of the roll call campaign having been heard from.

Latest contribution was $55 from teachers of Sequoia Union High School, as yet uncomplete.

The sum of $150 donated by the San Mateo County Breeders' Association, operator of the Bayshore City dog track, remains the largest single contribution.

It will not be until sometime in December when final results of the roll call will be ready, Millington said today.

The Continental Divide between western limits of the Louisiana Purchase.

Two Winners Named At Amateur Contest

Mary Jean McDougal, 8, Palo Alto, and Shirley Johnson, 13, attending McKinley School, were adjudged winners of last week's Redwood City Townsend Club amateur show held each Friday at the Redwood City Woman's Clubhouse.

Miss McDougal, who entertained with a novel tap dance, won a bakery prize.

Miss Johnson performed a combined jump rope and tap dance number to win a pair of theater tickets. She is a student of the Dorothy Roberts School in Redwood City.

Other artists were Nancy Coovert, 12, of Palo Alto; June Robertson, 12, of San Carlos, and Joan Ayers, 13, of Menlo Park, performing songs and dances, and Doris Stephens.

Mrs. Philip Owen, Mrs. L. S. Tenney and Mrs. A. Topping were members of the judging committee.

Entries may be registered with F. J. Furnivall at 838 Main street.

A business meeting followed the program.

Girl Scouts Plan Rummage Sale

Girl Scouts of Trillium Troop, whose leader is Mrs. Vern Flora, will hold a rummage sale December 10 and 11 in a vacant store on Main street, Mrs. Flora announced today. Anyone having articles she would be willing to contribute for the sale, is requested to communicate with Mrs. Flora, telephone 1082-W.

Home Damaged By Night Fire

A 10-year-old boy was recovering from a bad case of fright and a woman was recovering from arm burns today as the result of two house fires in Burlingame Sunday.

The youngster is Martin Jr., son of Mr. and Mrs. M. J. Bowman of 1004 Park avenue.

Left alone, firemen said they learned, while his parents went calling across the street, he fell asleep about 7:30 p.m. on a sofa in the front room. He was awakened by intense heat. He rushed out, notified his parents, who summoned firemen.

When the fire apparatus arrived, the kitchen of the home was ablaze and the heat in the closed house had scorched paint throughout the five-room cottage and had badly damaged furniture.

Firemen expressed belief the fire had started from an overheated incinerator in the kitchen stove, known to have been burning when the Bowmans left to visit the neighbors.

Firemen said it was fortunate the boy awoke and was not suffocated or burned to death.

Damage was expected to be heavy.

Burns were suffered by Mrs. E. A. Skinner when the bed on which she was lying at her cottage in the rear of 1012 El Camino Real caught fire shortly after 9 a.m. Damage, estimated at about $25, was confined to the bed. Only first aid treatment was required for the wounds, firemen said. They were unable to assign a cause for the blaze when Mrs. Skinner asserted she did not smoke and consequently was not smoking in bed when the fire broke out.

JUNIOR AUXILIARY ASSISTS WITH SALE

Members of the Junior Auxiliary of Menlo Park American Legion Auxiliary Unit No. 443, under supervision of their adult chairman, Mrs. Isabelle Weeden Lindquist, assisted with the sale of forget-me-nots for benefit of the Disabled American Veterans.

NEPHEW VISITS MRS. WEEDEN

Paul Thomas, nephew of Mrs. W. H. Weeden of Menlo Park and an employe on the Lurline, was a recent visitor at his aunt's home.

Berry Pickers Due For Arrest This Year

Anticipating the holiday season, Fire Warden Bert Werder today declared war on commercial pickers who yearly denude San Mateo county of Toyon berries, holly, and tender branches of young redwood trees for Christmas wreaths and streamers.

"There is a tremendous market for these things, and commercial interests are willing to take great risks to get their materials," he said. "We are on the lookout, and we have the cooperation of the highway patrol. As soon as we spot any truckloads of greens leaving the county, we will take immediate action."

According to Werder, commercial groups are the worst offenders, trespassing withou tregard for the wishes of the owners of the property or for the law. Particularly harmful, he said, is the practice of stripping young trees of their branches for materials with which to make wreath.s

WPA to Give S. F. Million

With tentative approval already secured from ranking WPA officers, a $1,000,000 federal aid project for San Francisco's municipal airport was in the making today. The federal appropriation would boost available funds for airport improvement to $3,850,000, following adoption of the airport bonds by San Francisco voters November 2.

High WPA officials in Washington yesterday advised Mayor Angelo Rossi to make immediate application for a WPA project to cover paving, rip-rapping sea walls for the transpacific flying base, installation of drainage tiles, and placement of electrical equipment.

Col. F. C. Harrington, executive assistant to WPA Administrator Harry L. Hopkins, told Mayor Rossi that "every favorable consideration is assured on your petition."

Use of WPA labor, it was pointed out, would leave more of the $2,850,000 bond issue fund for supplies and materials.

Mrs. Coleman Bridge Hostess

Mrs. R. H. Coleman of San Carlos was hostess to the members of her bridge club Thursday afternoon at her home on Northam avenue. Guests were Mesdames D. W. Batesole, W. F. Boos, S. E. Day, H. J. Hucke, Pierre Casaurang, J. H. Hanson and B. H. Neil. High scores were held by Mrs. Hanson and Mrs. Day. Mrs. Coleman received low score.

Fifteen Americans go abroad for each European visiting America.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Sequoia Debaters Argue With Galileo

Sequoia high school debaters met a negative team from Galileo High School of San Francisco on Friday at Sequoia in a contest the question, "Resolved: That Japan Is Justified in Her Actions Towards China." Representing the local high school on the affirmative side of the question were Clara Arthur and Robert Bebb. The debate, a non-decision one, followed the old formal style, rather than the new panel discussion type, according to Mrs. John D. Peck, Sequoia debate adviser.

Lincoln School has started a weekly school paper which it has entitled the Lincoln News. Two pages in size, it was originated by Henry Potts, teacher at the school. Editor-in-chief is Patsy Dolan, a student in the high sixth grade.

Mrs. May Gambetta, principal of the Belmont School, has been appointed chairman for the National Education Association for San Mateo county. Marjorie Robinson has been appointed auditor for the San Mateo County Teachers' Association.

Named to the county association's nominating committee are Roy Liddicoat, chairman; R. L. Gray, Natalie Lipman, Elsie Northrup and Eileen Russel.

Two Sequoia high school teachers, Ronald Anderson and Vernon Wallace, who is directing the department of instrumental music in the absence because of illness of Max Gelber, will go to Oakland next Tuesday evening to attend the annual banquet of the California Schoolmasters' Club at the Hotel Leamington. The banquet is arranged each year to give school men of the bay area opportunity to renew acquaintances and to hear in an informal way some of the outstanding speakers of the Bay Section Institute of the California Teachers' Association.

Principal A. C. Argo of Sequoia high school will be in Sacramento next Monday and Tuesday to speak before the secondary schools section of the northern division of the California Teachers' Association, composed of representatives from 19 of the state's northern counties. Argo will speak twice, taking as his topics "Changing High School Curriculum" and "Some Developments in Secondary Curriculum in California."

The first graphic demonstration of sound waves was made in 1857.

LEGAL

NOTICE OF SALE OF REAL ESTATE
No. 7563—Dept. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of CHARLES HARKINS, Deceased.

Notice is hereby given that the undersigned, THE BANK OF CALIFORNIA, NATIONAL ASSOCIATION, a national banking association, CLARENCE GEANDROT and HARRY REGAN, executors of the last will and testament of Charles Harkins, deceased, will sell at private sale, to the highest bidder, for cash, in lawful money of the United States, subject to confirmation by the above entitled court, upon the terms hereinafter set forth, all or any part of the following described parcel of real property situate in the County of San Mateo, State of California, and belonging to the estate, to-wit:

The south ½ of the southwest ¼ of Section 31 and lot 4 in Section 31, Township 5 South, Range 4 West, Mount Diablo Meridian, containing 129.36 acres of land more or less, also the north ½ of the northwest ¼ and the north ½ of the northeast ¼ of Section 1, Township 6 South, Range 5 West, Mount Diablo Meridian, containing 200 acres of land. Beginning at an iron pipe monument set in the southerly boundary line of what was formerly known as the Oren A. Giles 342.88 acre tract; said monument being due west on and along said boundary line 1290 feet from the point of intersection of the section line between sections 5 and 6 in Township 6 South, Range 4 West, Mount Diablo Base and Meridian, with said southerly boundary line; thence north 5° east 1189 feet to an iron pipe monument for corner, thence north 25½° east 570.3 feet to an iron pipe monument set for corner in the northerly boundary line of said Oren A. Giles 342.88 acre tract, being also northerly boundary of said Section 6, thence due west on and along said northerly boundary 4187 feet more or less to the northwest corner of said Section 6, thence due south on and along the west boundary of said Section 6, a distance of 3030 feet more or less to the southwest corner of the southwest ¼ of the northwest ¼ of said Section 6; thence due east 2534 feet more or less to the center of said Section 6, thence due north 1320 feet; thence due east 1151 feet more or less to the place of beginning. Containing 223 acres of land more or less.

NOTE: Assessed as follows: 234.88 acres portion of lots 1 and 2, Section 5, Township 6 South, Range 4 West. Northwest ¼ and north ½ of northeast ¼ of Section 6, Township 6 South, Range 4 West. 174.4 acres north ½ of north ½ of Section 1, Township 6 South, Range 5 West. 129.36 acres more or less being south ½ of southwest ¼ and lot 4 of Section 31, Township 5 South, Range 4 West.

Said sale will be made of all of said land or any part thereof, at the discretion of the executors, on or after the 6th day of December, 1937, at 10 o'clock A.M., at the banking office of said The Bank of California, National Association, at No. 400 California Street, San Francisco, California, on the following terms: Ten (10) per cent of the purchase price shall accompany the bid, and the balance of the purchase price shall be payable within thirty (30) days after the date of confirmation of sale by the court.

Bids will be received by said executors at the banking office of said The Bank of California, National Association, 400 California Street, San Francisco, California. All bids or offers for the above described property must be in writing, and may be left with said bank at its aforesaid office or delivered to it personally, or may be filed in the office of the clerk of the court, to which the return of sale must be made at any time after the first publication of this notice and before the making of the sale.

Dated at San Francisco, California, November 16, 1937.

THE BANK OF CALIFORNIA, NATIONAL ASSOCIATION,
By N. D. PLATT,
Assistant Trust Officer.
CLARENCE GEANDROT,
HARRY REGAN,
Executors of the last will and testament of Charles Harkins, deceased.

Lake Superior, largest of the Great Lakes, has an area of 31,200 square miles.

Purse Grabber Robs U.C. Coed

PALO ALTO, Nov. 22—It wasn't the loss of $3, or even a Big Game ticket, that Dorothy Annie Sewell, University of California coed, was mourning today as the result of a purse-snatching episode at the Palo Alto station of the Southern Pacific Company.

It was the loss of two little cards, without which, she fears, she may not be allowed to take end-semester examinations a fortnight hence.

The girl, who registers at the state university from Lodi but lives at Lantana Lodge on Bancroft way, told Palo Alto police that her purse was snatched from her hand shortly after she debarked from a train at the station Saturday. So crowded was the depot platform that she was unable even to get a glimpse of the robber.

But she remembered the seat number on her Big Game ticket, on the 50-yard line 15 rows up. So she persuaded Stanford officials to let her into the game. And the $3 that was in her purse she can do without. But it will take her a month, she fears, to have replaced her student body and registration cards. She told police that she had to have them to take her examinations. But police weren't as worried as she, it seemed, for they were inclined to think that a girl who could talk her way into a Big Game without a ticket could squeeze through semester tests without those two cards.

Out of every million births, one child becomes a midget. Midgets invariably are the children of normal-size parents.

Buying Power Gain Is Urged

PALO ALTO, Nov. 22 (AP)—As a means of counteracting the business "recession," Professor Theodore Kreps, Stanford economist, today advocated an increase in consumer buying power, a cessation of "skyrocketing" and price-fixing and the repeal of tax exemptions on government bonds and the salaries of public officials.

Kreps blamed both congress and business for the new economic slump.

"Congress," he said, "shattered confidence in the future of agriculture and urban consumers by subservience to various lobbies in open defiance of an extraordinarily popular president.

"Business on the other hand raised prices out of all proportion to increased costs (of production)."

INCOME TAX CHANGE

He suggested that congress pass the La Follette income tax bill and use the resultant revenue "to take care of millions of consumers who will be added to the relief rolls this winter."

Kreps, who set forth his views in a written statement, favored repeal of the federal sugar act, the Robinson-Patman law prohibiting discrimination in prices on like quantities of identical goods, and the Miller-Tydings act permitting interstate manufacturers to fix the retail prices on their goods within states which allow such practices.

President Roosevelt severely criticized the sugar act and the Miller-Tydings law, which were adopted at the last session of congress.

WOULD AID CONSUMER

Kreps said the first concern of congress and business should be to increase the buying capacity of the consumer, "particularly the 100-odd million in the families of farmers and laborers. They are the ones who as mass consumers turn the wheels of mass production."

The economist said the last congress aided the recession by passing the three laws mentioned. He said the lawmakers "decreased the budgetary stimulus to business by $3,000,000,000" for 1937, compared with the preceding year.

Business, he added, contributed to the slump "by skyrocketing the prices of steel, lumber and other building materials, in some cases more than 20 per cent above anything known since 1920, and helped stifle incipient recovery in the construction industry."

INFLATION HYSTERIA

Kreps asserted the recent collapse of stock prices represented "for the most part a substitution of common sense and reason for inflation hysteria. The paper losses of half a million persons or thereabouts who own more than four-fifths of the stocks of the country are healthy for the (national) economy, particularly if they have been sufficient to turn the contriving energy of the country from stock market gambling back to work."

The economist said an "unsound rearmament boom, certain unhealthy labor practices and greatly overexpanded consumer credit" played parts in the recession.

E. J. HALCROWS PARENTS OF DAUGHTER

Mr. and Mrs. E. J. Halcrow of Daly City are receiving congratulations on the birth of a daughter Saturday afternoon at the home of Mrs. Halcrow's mother, Mrs. A. H. M. Davies, 3 Diller street, Redwood City. The little girl, who weighed eight pounds, eight ounces, has been named Mary Anne. She is a sister of Edwin, 14; Lois, 10, and Lelia Halcrow, 4.

Study of Taxes Also Planned

The move to gain the proposed $15,000,000 naval supply base for the San Francisco side of the bay received support Saturday of the influential San Mateo County Federation of Improvement Clubs and Associations.

Emil G. Stein, executive secretary, announced Saturday that the delegates present at the Thursday night meeting unanimously passed the following motion:

"The federation does hereby go on record in active support of the proposal of our congressman, John J. McGrath, to locate the proposed naval supply depot at or in the vicinity of Candlestick Point and that we further offer our support and cooperation to Col. C. N. Kirkbride, chairman of the citizens' committee in furtherance of this program."

In view of the fact that Colonel Kirkbride recently advocated support of this county for a site a little farther north — India Basin —offered to the government by the state harbor commission, it was considered likely the federation's recommendation could be construed to approve that site also, should it be chosen by the government.

DIRECT TAX STUDY

Stein reported that considerable discussion was had on the county tax situation, resulting in a recommendation being given to the revenue and tax committee that they immediately organize and cooperate with other committees who are interested in the present tax difficulties.

The federation also reiterated its stand in support of the appointment of a coastside representative as a member of the county board of education.

A group of coastsiders present at the meeting urged that greater interest be shown in creating recreational centers in their district, as well as roads leading to the ocean shore.

Of particular interest, it was said, is the proposed Lobitos-to-Lake Lucerne road.

Delegates interested in the extension of the Ocean Shore highway south were asked to attend the state highway commission meeting at Watsonville at 10 a.m. December 3.

COMMITTEES NAMED

Other business included the appointment of committees:

Revenue and taxation: Maj. Glen D. Gorton, chairman; Wayne Millington, T. Louis Chess, Paul Lyman and Heim Goldman.

Public works and utilities: F. J. Signarowitz, chairman; E. Adams, J. Franzen, H. W. Heegstra and Louis Rebele.

Roads and boulevards: Giles D. Johnson, chairman; H. F. Meyers, Walter Moore and George Dunn.

Public welfare and education: J. L. Carter, chairman; Mrs. Mona Christensen and John Dentragues.

Ways and means: Hugh C. Riley, chairman; M. V. Carlos, Johnson, Major Gorton, Chess and Stein.

It was announced that the federation will resume holding open forum meetings at various member clubs' meetings, the first one being scheduled at San Carlos January 25 at 8 p.m. with the Community Club.

The next meeting of the federation will be in San Mateo City Hall on December 16, where the club regularly meets on the third Thursday of each month.

Secretary Stein stated that the federation now has 17 active clubs in its membership, with more being sought.

Girl Scout Director Announces Schedule

Although the Sequoia District Girl Scout headquarters office at Sequoia high school will remain open Monday, Tuesday and Wednesday of this week, the Girl Scout and Brownie training courses originally scheduled for Tuesday and Wednesday have been postponed until after the Thanksgiving holiday, it was announced today by Mrs. William Dill, district Girl Scout director.

Mrs. Dill pointed out that the scout office would be closed next Thursday and Friday for Thanksgiving.

The postponed training course sessions will be held November 30 and December 1. On November 30 leaders and prospective leaders enrolled in the Brownie course will study "The Tie-Up With Girl Scouting." December 1 the Girl Scout training group will hold investiture of members.

The Brownie session will be held in conjunction with the monthly Brownie Leaders' Association meeting at 9:30 a. m. at scout headquarters. The Brownie association hopes to build up its group, for there are three new packs starting this month, one at McKinley School and two at Lincoln School. Both Las Lomitas and Woodside have sent in requests to the scout office for Brownie packs, and as soon as leaders have had training, packs will be started in those two communities, Mrs. Dill said.

Dalmatian puppies are born white. Their spots appear with age.

A SHADOW on water is visible only when there are enough suspended particles in the water to scatter the light before it has penetrated the surface very far. If the water is not too muddy, it may show some reflections as well as the surface shadow.

Red Cross Gaining Members Rapidly

The annual membership roll call of Redwood City Chapter, American Red Cross, is progressing more rapidly and with better success than in any recent year, Chairman Wayne R. Millington said today.

Although only fragmentary reports have come in from the various civic organization chairmen who are conducting the house-to-house canvass, word from all indicates that citizens here are responding with enthusiasm, Millington declared.

GRADE SCHOOL TEACHERS CONTRIBUTE 100 PER CENT

A 100 per cent signup by teachers of the Redwood City Grammar School District, canvassed by Supt. of Schools Andrew Spinas, resulted in $60 being turned in for the annual membership roll call of Redwood City chapter, Red Cross, Chairman Wayne R. Millington reported today. Thirty-one per cent of the $1000 quota, or $310, has been received to date.

The roll call extends until Thanksgiving Day, when the chapter hopes to have 1000 members in Redwood City, or its quota of approximately 10 per cent of the city's population. Memberships are $1, $5, $10 and $25.

Typical of work which Red Cross has done locally was described recently by County Fire Warden Bert Werder, who expressed the department's appreciation of canteen service rendered to fire fighters over a period of years.

Helen Percy Chesebrough, vice chairman of San Mateo County Chapter, was presented with a deputy's badge. The emblem was smaller than the usual star, made of gold, with the regulation green enameled pine tree. A tiny red cross was marked on it.

The chapter's canteen service has been active since 1922 and not once has the chapter failed to respond to need, Miss Chesebrough stated.

The earliest known express service was organized in 1836 to operate over the Boston-Taunton Railway.

LOUIE KINGS CELEBRATE 40TH ANNIVERSARY

To celebrate the 40th wedding anniversary of Mr. and Mrs. Louie King of Emerald Lake, their son and daughter-in-law, Mr. and Mrs. George King, entertained at a surprise reception Saturday evening at their home on Summit drive, Emerald Lake.

Fifty relatives and friends from San Francisco and Redwood City were invited to compliment the celebrants, who were married 40 years ago in San Francisco.

Decorations for the event, to which the guests brought many gifts for Mr. and Mrs. King, were carried out in autumn colors.

A buffet supper was served by the hosts.

Recital to Include Old Mexican Dances

Stanford University's committee on public exercises will offer a dance recital by Von Goodman on its Tuesday evening series at the university this week.

Of particular interest in Von Goodman's repertoire is his interpretation of ancient Aztec, Mayan and Zapotecan dance themes, the material for which was obtained through painstaking study in Mexico and Yucatan. Mexican archeologists have declared these dances to be authentically reproduced.

The dancer specializes in ceremonial and legendary Indian art. The ancient and traditional dances are accompanied with strange percussion music, weird masks, brilliant feather head-dresses and capes.

Tomorrow evening's recital will be presented in Stanford Memorial Hall at 7:30 o'clock. There is no admission charge.

Milligan Prison Trip Postponed By Court Writ

Michael L. Milligan's transfer from the county jail to state prison was delayed until Friday by a stay of execution issued here by Judge Maxwell McNutt. The stay was issued on Milligan's plea that he be given four or five days to collect his personal effects.

Meanwhile Jo Martin, district attorney of Lincoln county, Nev., made application to Dist. Atty. Gilbert D. Ferrell for the $250 reward said to have been offered for Milligan's arrest and conviction on behalf of Bill Ronnow, deputy sheriff.

"When Chief Belloni was here, he informed us that there was a reward of $250," Martin wrote. "This arrest was made through the vigilance of Bill Ronnow, deputy sheriff of Lincoln county."

Ronnow identified Milligan by a circular broadcast throughout the country by Chief Belloni as the Barney Barnato employed by the Pioche Mining Company.

"It would seem clear if there is a reward," Martin said, "Ronnow is entitled to it."

Ronnow, however, is doomed to disappointment, according to Belloni. The $250 reward was posted by the City of South San Francisco for one year only. Milligan's arrest came 14 months after the crime was committed, he explained, and the reward, unclaimed at the end of 12 months, had been withdrawn.

Plans of Undersheriff Lawrence Nieri and Belloni to rush Milligan to state prison as soon as a commitment could be secured, were upset by the writ issued by Judge McNutt. The writ was secured by Atty. Richard O. Bell on Milligan's behalf.

In a letter to Bell, Milligan explained that he "wished to arrange several things," including disposition of his effects. He listed the following items which should be at his home: A truck, a coupe, a chicken incubator and brooder, carpenter tools, a trunk, brass bed, $1000 insurance policy, deed for his lot, $500 worth of radio equipment, silverware, glassware and furniture.

Milligan was particularly anxious about his books, which he wants to take to San Quentin with him. He listed collections of Shakespeare, Burns, Service, Whittier, Longfellow and Father Ryan.

Milligan's letter was dated Friday, the day Nieri first planned to take Milligan to San Quentin.

Engagement Told In New York

Announcement was made recently in New York of Miss Elizabeth Ayres Tweedy's engagement to Lilbert Thornton Mendell, Stanford '34 and son of Mr. and Mrs. John Marlin Mendell of Woodside. The marriage will take place in January in New York.

Miss Tweedy is a daughter of Mr. and Mrs. Lawrence Tweedy of London. The bridegroom-to-be took a graduate degree at the School of Mines of London University, and is now with a petroleum company in Venezuela. His sister is Mrs. James E. Henderson, whose husband is with the American foreign service in Salonika.

United States exports of chemicals and related products were valued at $122,000,000 during the first eight months of this year, double the value of 1933 shipments.

The phrase "almighty dollar" was coined by Washington Irving.
